A new and original "Girl's Head," by Penrhyn Stanlaws, in full colors, 11½ x 17 inches, without advertising, worthy of a handsome frame.

We asked Mr. Stanlaws, whose pictures of beautiful women are famous the world over, to paint this picture in order to show the clear, glowing, health-tinted complexion enjoyed by millions of users of Lifebuoy Health Soap.

It proved to be such a charming, lifelike picture that we have had it reproduced in a manner which preserves, with

marvelous delicacy and accuracy, the precise coloring used by the artist and the exact texture and feeling of every stroke of his brush. The reproductions are impressed upon heavy antique paper of the finest quality.

This remarkable offer makes it possible for you, if you act promptly, to secure one of these splendid reproductions.
